

Happy Feet Relax & Revive Foot Mask

Sr No.	INCI Name, Trade Name	Weight %	Function
Phase A			
1.	Olive Esters*	5.00	Emulsifier
2.	Anionic Emulsifying Wax*	5.00	Emulsifier
3.	Cannabis Sativa Seed Oil (Hemp Seed Oil)	4.00	Emollient
4.	Olive Squalane*	3.00	Emollient
5.	BTMS 50*	3.00	Conditioning Agent
6.	Butyrospermum Parkii Butter OR Shea Butter*	2.00	Emollient
7.	Glyceryl Stearate*	1.5	Emulsifier
Phase B			
8.	Water	66.19	Solvent
9.	Glycerin*	2.00	Humectant
10.	Microcrystalline Cellulose (and) Xanthan Gum*	2.00	Gelling Agent
Phase C			
11.	Iso Amyl Laurate*	2.50	Emollient
12.	Lanolin Substitute – Non Animal Origin*	0.1	Emollient
Phase D			
13.	Orzya Sativa Starch	3.00	Skin conditioner
Phase E			
12.	Fragrance	0.7	Fragrance
13.	Citric Acid	0.01	Ph modifier

***These materials are supplied by Cedar Trends & Innovation**

Preparation:

Phase A: Weigh the ingredients. Heat to 75°C until a homogeneous Phase is obtained.

Phase B: Weigh the water, put under agitation + heat to 50 ° C.

At 50°C add the glycerine and the cellulose and xanthan gum, use a Turrax for 5 minutes under 9500 rpm, then put under strong a agitation and heat to 75°C.

At 75°C, make the emulsion by pouring the phase A in to the Phase B under strong agitation.

At 72°C, stir for 1 minute at 9500 rpm.

Put back under moderate stirring and start cooling.

Phase C: At 35°C, add the elements of phase C

Phase D: At 35°C, sprinkle the Orzyasativa starch.

Phase E: At 25°C, adjust the pH 5 - 5.5 and add fragrance.
